

"When we become a Christian, we ask God into our hearts, to bring forgiveness and new life. At the Acres of Hope ministry, we hear God inviting us into His heart, restoring hope and healing to people who need it so desperately."

*– Pastor Lou Costantini
Sierra Reach Ministries*

With God's Love and your partnership, Acres of Hope can be the last program these families will ever need.

a bridge to the future for women with children

Acres of Hope is a healing and renewal center for homeless women with children. The Christ-centered program provides the support and resources essential to end generational cycles of homelessness and despair. Women and children heal and learn as they remain at Acres for up to two years. The goal is for Acres of Hope to be the last program these restored families will ever need!

*When you partner with Acres of Hope,
you are...*

- Blessing a homeless mom and her children;
- Giving them a reason to allow hope into their hearts again;
- Making a difference by helping a family in crisis begin a new path toward becoming successful citizens; and
- Sharing God's love and compassion in the most real and meaningful way.

Acres of Hope

*a bridge to the future for
women with children*

The Acres of Hope Program: 25 Measurable Outcomes In 5 Life-Changing Elements

1. Reconciliation with God
2. Learning new coping skills
3. Building self-esteem and the ability to forgive others and self
4. Applying new life skills within a healthy support system
5. Setting and accomplishing goals, understanding that God has a purpose for our lives

Desperate women with children are one of the fastest growing segments of the homeless population . . . right here in our region.

Life hurts. Some wounds are deeper and leave scars. The moms who come to Acres of Hope have issues that always include a combination of . . .

Childhood Abuse

Abandonment

Raised in Foster Care

Sexual Abuse

Drug and Alcohol Addictions

Domestic Violence

- 77% of our moms were abused or neglected as a child;
- 41% of our moms lived in foster care without the compassion and guidance of a mom or a dad;
- 73% of our moms were sexually molested as a child;
- 89% of our moms suffer from addictions with 77% having been exposed to drugs or alcohol as children;
- 95% of our moms have experienced domestic violence by a past partner.

The children at Acres of Hope are often underdeveloped emotionally, socially, physically and educationally. Our partners help reverse these losses and bring God's hope and healing. Without addressing these wounds, these moms will inevitably pass them on to their children. Will you help us break the cycle for generations to come?

Acres of Hope offers a safe, family atmosphere where God's healing love is present, trust is restored, and dreams are realized.

Make a Difference Every Month

Here is what your monthly blessing can do:

- \$20 gives a mom her own Bible and the curriculum to work through the program;
- \$35 provides transportation to church and other community services;
- \$60 allows a mom to attend three on-going recovery classes;
- \$75 gives a child a week of counseling classes to address deep anger, mistrust, and insecurity from the traumas of an unstable life;
- \$150 pays for a week's food and living necessities for an entire family;
- \$250 a month provides a family with case management as they progress along the Acres of Hope bridge;
- \$450 enhances our service by providing staff and volunteer training and development; and
- \$1,000 sponsors a family, giving them a home and the living necessities required at Acres of Hope.

*As an individual, a Family, or a small Group,
A small Commitment Makes a Big Difference!*
